## TASK 1

Choose a character and dress up as explained in the character description. Take pictures of characters and send them to [secnaxxarhub@gmail.com](mailto:secnaxxarhub@gmail.com)

After travelling for thousands of light years, you zoomed through a black hole into our galaxy. You navigated through the stars and hopped from planet to planet, until finally, you saw a beautiful island in the middle of the Mediterranean sea.

This island was called Malta, and you chose this country as the place where you want to live.

You land your space ship at the Malta International Airport in Gudja, and are ready to start your new life.....

However..... you encounter your first problem, you do not have the right documents to pass through the gates, so you are stuck at the airport.

In order to be able to stay in this country you have to ask for permission from the Prime Minister. But where is his office? How do you get there?

How will you escape the airport and make your way to the Prime Minister's office?

**Hint**

*To leave the airport, you need to open the next level (2) by keying a six-number digit which can be found on the third page.*
